

# Kyäni FIT20™

Our bodies are constantly stressed from exercise and the rigors of everyday life. FIT20 delivers 10 grams of hydrolyzed collagen peptides for healthy bones, joints, and skin. An additional 10 grams of grass-fed whey protein isolate helps optimize muscle recovery and growth from exercise and the everyday demands of life.

## KEY BENEFITS

- Promotes Strength & Flexibility
- Improves Workout Recovery
- Optimizes Fat Metabolism
- Helps Build Lean Muscle
- Supports Bone & Joint Health
- Boosts Long-Term Nitric Oxide Production
- Supports Immune System & Antioxidant Production

## HOW TO USE

Mix with 8-12 fl. oz. of water or blend into your favorite smoothie after workouts or as needed daily.

## KEY INGREDIENTS

- Hydrolyzed Grass-fed Whey Protein Isolate
- Hydrolyzed Grass-fed Collagen Peptides
- L-Citrulline Malate 2:1
- L-Carnitine Tartrate
- Black Pepper Extract

## IDEAL FOR

Active, performance-conscious people including athletes, bodybuilders, and fitness enthusiasts who are concerned with post-workout nutrition, faster recovery, building lean muscle, and long-lasting energy.
